Holiday Earrings

Wear a Seder conversation starter or simply express your sense of style with

Yontifications™, a new line of jewelry from noted Judaica designer Susan Fischer Weis. This colorful collection of earrings (\$20 per pair plus S&H), includes pairs for Passover as well as Shabbat, Rosh Hashanah, Sukkot, Chanukah, Purim, Tu B'Shevat, Yom Ha'atzmaut, and Shavuot/Bat Mitzvah as well as a pair called "Feelin' Jewish" that works for any occasion.

Dubbed Yontifications after the Yiddish word for holiday, the earrings feature unique beads, crystals and Jewish symbol charms. Most of the pairs have two somewhat different, yet complementary earrings. For example, on Purim, one earring boasts a mask while the other is adorned by a playfully realistic *hamantaschen*. The hinge style earwires are gold plated over surgical steel. There are also five different styles of necklaces (\$30 plus S&H) to accompany your Yontifications™ earrings or to wear alone.
